Chief Gregory Frederick  
 Fire Chief of Louisville Division /1135 West Jefferson St./ Louisville, KY 40203

**ARSON COMMITTED BY:**

Louisville Metro Police, 633 West Jefferson St., Louisville, KY, 40202

Tim Melton (Manager) Louisville Gas &amp; Electric Company, 820 West Broadway, Louisville, KY 40202

David Millay (Security) Louisville Gas &amp; Electric Company, 820 West Broadway, Louisville, KY 40202

*Note: Additional Evidence & Motives are Available.***ARSON**

**BY THE LOUISVILLE METRO POLICE & TIM MELTON (MANAGER) AT LOUISVILLE  
 GAS & ELECTRIC & DAVID MILLAY (SECURITY) AT LOUISVILLE GAS AND ELECTRIC  
 MOTIVE - DESPERATE TO COVERUP THEIR CRIMES BY COMMITTING MURDER**

Louisville Metro Police tried to set my house on fire to cover up two (2) of the Murder Attempts they made on my life by sending people to kill me twice (2 times) in which they confessed to in three emails (one email came on the same night one of the guys was at my front door).

This was done by illegally connecting Verizon 5G (which I have never requested) to my house and sending frequencies through my house. One of the frequencies sent a spark to my Refrigerator and sent a loud noise and a flash of light through my home. I did not know that it started a fire until I had to replace the Refrigerator, as when it was moved the floor was burned under the Refrigerator, which would explain the loud pop noise I heard before I saw the flash come through the house.

Tim Melton (Manager) at Louisville Gas and Electric and David Millay (Security) are also involved in the crimes, as Tim Melton sent a Death Threat to himself (when I told him I was going to report him to his Corporate Office when he sent people to my home without ID, refused to give the names of the people & other issues) and put my name as the sender on the Death Threat. I am positive Louisville Metro Police assisted him with the Death Threat as they have stated in one of the thirty (30) Hate/Sexual Degradation/Death Threat emails they sent to me that they have been fabricating/forging documents in my name. They also stated that they send documents from my IP address, have Keyloggers to my computer and are in my Internet, Phone, etc. They put all of this in writing.

For evidence go to my website [www.JusticeForAllCitizens.com](http://www.JusticeForAllCitizens.com) for video and license number and full confessions from the Louisville Metro Police in writing stating they sent the people to murder me and other evidence. Also go to my You Tube Account for conversations with Tim Melton, David Millay, and Confessions from the Louisville Metro Police stating they have been fabricating/forging documents – even court pleadings - in my name, the emailed Death Threat Tim Melton sent to himself, videos of the Verizon 5G being illegally connected to my home, etc. Verizon sent me an email stating Louisville Gas and Electric is responsible for Verizon 5G being connected to my home.

This is an ARSON attempt as they tried to set my home on fire to Cover up two confessed murder attempts and other crimes against me & Tim Melton sent a Death threat to himself & tried to frame me with the help of LMPD who have confessed to fabricating/forging documents in my name.
